

# COMBAT TWO PERSON TENT

---

This two-man, free-standing, double wall tent is the perfect choice for expeditionary forces around the world. The Combat tent can withstand steady winds of up to 40 mph and wind gusts up to 55 mph.

Tough and durable, the innovative design allows moisture to evaporate through the body of the tent and is equipped with a waterproof floor and fly. Plus, the rain fly can be used independently from the body of the tent, utilizing the poles and stakes provided.

- Free-standing, 3-pole dome tent with bathtub floor.
- Easy shock corded, cold weather, black anodized 7000 Series aluminum frame.
- Built to withstand steady winds of up to 40 mph and wind gusts up to 55 mph.
- Flame retardant, reversible, full coverage rain fly, made with blackout material with taped seams.
- Main tent body offers 38 sq. feet of space, plus two vestibules for 20 sq. feet of additional gear storage.
