

PREMIUM SANITARY CONTAINER

Our PREMIUM Sanitary Container is designed to elevate sanitary comfort and convenience. This unit is outfitted with advanced amenities including air conditioning, an audio system, touchless fixtures, and a multimedia screen integrated into the mirror. Divided into separate sections for women and men, this container is ideal for both high-traffic areas and events, offering a premium restroom experience.

- Efficient Climate Control: Equipped with a robust, high performance heating and ventilation system for optimal conditions.
- Enhanced Safety: A non-slip floor prioritizes safety and comfort.
- Flexible Waste Management: Can be connected to an external waste tank in locations without direct sewer access.
- Reliable Power Supply: Can be outfitted with power generators to ensure uninterrupted operation during power outages.
- We offer a waste removal and cleaning service for easy maintenance.
