

TCOP TENT COMBAT ONE PERSON

The TCOP is an individual shelter that is dry, tough and portable. This freestanding 3-pole military tent provides superior environmental protection and is made from flame retardant ripstop nylon. The TCOP features two large drop-down doors with mesh windows and is equipped with 40D nylon "no-see-um" netting to protect against dust and insects. The rain fly is reversible from Woodland Camo to Desert Tan.

- Free-standing, 3-pole dome tent with bathtub floor.
- Easy shock corded, cold weather, black anodized 7000 Series aluminum frame.
- Flame retardant, reversible, full coverage rain fly, made with blackout material with taped seams.
- Main tent body offers 28 square feet of space, plus two vestibules for 17 square feet of additional gear storage.
- Includes repair kit.
